Starting downtown, the **Tony Knowles Coastal Trail** stretches 11 miles along the Cook Inlet shoreline, eventually reaching Kincaid Park at the far western edge of the city.

A few blocks south of downtown, find Westchester Lagoon, ideal for summer bird-watching and winter ice skating. The Coastal Trail ties the park to downtown and distant Kincaid Park, while the **Chester Creek Trail** turns inland and runs east toward the mountains.

At the eastern end of the Chester Creek Trail is **Russian Jack Springs Park**, featuring tree-lined trails, picnic facilities, a playground, and a skate park. Paths and bike lanes further connect the park to the north and south. To the south, the **Campbell Creek Trail** passes fish viewing platforms and creekside eateries before ending at a grassy estuary on the coast.

INTO THE WILD, INSIDE THE CITY

Nearly half of Anchorage's urban parkland is concentrated in the two biggest parks, Kincaid Park and Far North Bicentennial Park. Anchorage is sandwiched between them, so a whole day in nature is just a few minutes east or west.

Jutting out into Cook Inlet, **Kincaid Park** holds nearly 40 miles of walking trails and 20 miles of singletrack bike trails. Even the drive into the park can seem like a wildlife safari; browsing moose are a regular sight, and even the occasional bear makes an appearance. The Chugach Mountains form a dramatic backdrop for the city of Anchorage, but it doesn't take an expedition to enjoy the alpine air: A quick drive from downtown Anchorage delivers you directly into world-class Chugach wilderness, brimming with natural beauty and accessible adventure.

ANCHORAGE'S BACKYARD

Combined, Chugach State Park and Chugach National Forest comprise more than 9,000 square miles of parkland. Yet the closest access points are less than 20 minutes from the center of the city. The Chugach feature most of the 60 nearby glaciers. Dall sheep, moose, bears, eagles, and countless other Alaska creatures call the range home, and plenty of two-legged Alaskans head out to enjoy a post-work hike or weekend retreat from business-asusual. The tallest peaks in these parts top out above 8,000 feet, but have a plethora of short, easy trails to take in all the sights.

ONE PLACE, MANY ADVENTURES

The ways to enjoy this Alaska-sized natural space are as varied as the landscape itself. Hiking, biking, kayaking, rafting, and fishing: they are all part of life in the Chugach. Hundreds of miles of trails wind through the forest. Many secluded lakes and ponds dot valleys carved methodically by glaciers or rushing mountain streams.

GO WITH THE PROS

The mountains are so close, and the points of entry so diverse that enjoying the Chugach on your own is easy. Connecting with a tour can bring even greater access and deeper understanding of Anchorage. Guides can show off amazing places hidden amid the peaks. Getting a view of the Chugach doesn't always involve an expedition either. Soar over trees and kettle ponds on a tram ride or sightseeing flight. Or rumble into the heart of it with an ATV tour.

Not sure what to pack? Gear rental companies can lend fishing tackle, camping supplies, winter gear ... anything you need for a few days or a couple weeks. See Sporting Goods & Equipment Rentals on page 99.

7 TRAILS IN THE CHUGACH

With hundreds of miles of trails, there's one for every age and ability. Here are a few of Alaskans' favorite hikes in the Chugach.

- 2 Eagle River Nature Center The ¾-mile Rodak Nature Trail loop features salmon and beaver sightings from the viewing decks. Dew Mound Trail reaches back 6 miles into the mountains, with plenty of shorter options. Feeling ambitious? The 23-mile Crow Pass Trail is an epic thru-hike option for expert hikers.
- **3 Byron Glacier** The easy stroll out to this valley glacier is one of the gems near the end of the Trail of Blue Ice.
- Winner Creek Trail The moderate 6-mile round-trip hike in Girdwood has forested serenity, roaring rapids, and a mountain stream.

- **6 Bird Ridge** The 2.5-mile route climbs 3,400 feet above the waters of Turnagain Arm. The caloric burn earns a view usually reserved for Dall sheep.
- Portage Pass Trail The 4-mile round trip from Whittier to the lake shore has a cool treat Portage Glacier looms large across the water.

Find these trails and more on the pull out map.

ROADSIDE WONDER

Getting a look at these icy wonders doesn't take a lot of effort. In this part of Alaska, even a scenic drive along the Seward Highway has glacier views. The posh Seven Glaciers Restaurant in **Girdwood** pairs fine dining with alpine views of seven hanging glaciers. The aerial tram ride to the top of Mount Alyeska offers 360 degree views of hanging glaciers in Girdwood valley and whets your appetite for the panoramic vistas in store at the summit.

Checking out a glacier can be as easy as pulling off the road at a scenic overlook. North of Anchorage, stop along the Glenn Highway to spot the mighty **Matanuska Glacier**. A view of Matanuska Valley's prized ice is steps from the parking lot, and guided hikes and climbing trips are a great way to get an up-close look. Views line the drive to **Exit Glacier** near Seward, and all that separates the visitor center from the toe of the glacier itself is a leisurely hike.

Today was pretty cool.

Rather float than fly? Head for the protected waters of **Prince William Sound** and cruise the many glaciers of College Fjord and Blackstone Bay. Or venture deep into **Kenai Fjords National Park** for a view of Aialik or Holgate glaciers coupled with an afternoon of marine wildlife sightings.

For paddling, hiking, or climbing at **Spencer Glacier**, the Alaska Railroad is the ticket to adventure. Once the train pulls away from the whistle stop, spend quality time with your fellow travelers and an Alaska glacier for the day.

NATIONAL PARKS

Find convenient connections to five of Alaska's national parks.

Q. Denali's on my bucket list: How do I get there from Anchorage, and what's the best way to experience the park?

A. There are four main ways to get to Denali National Park: Rent a car in Anchorage for the five-hour drive to the park entrance, or consider the Alaska Railroad. Commercial bus lines and charter air services also connect the city and the park. Once there, two types of tour buses go into Denali. The non-narrated transit buses cost less and will let you off anywhere along the Denali Park Road. – Peter C

For updates on the Denali Park Road, visit www.nps.gov.

NATIONAL TREASURES

By area, Alaska has more than 50 percent of the national parkland in the United States, and many of the most famous parks are close to Anchorage.

There are few places as synonymous with Alaska as Denali National Park & Preserve. By car, train, bus, or plane, the trip to Denali is an unforgettable one. The first place in Alaska to be designated a national park, it's home to the tallest peak in North America. Even from Anchorage, Denali is visible on the horizon. Soar above the peaks over the frozen course of glaciers on a flightseeing excursion or drive north for a trip deep into the park to spot bears, caribou, wolves, and other animals.

America's largest park, Wrangell-St. Elias National Park, is filled with adventure. With more than 20,000 square miles of land, the park has limitless backcountry possibilities but holds other surprises, as well. Malaspina Glacier stretches more than 1,500 square miles and is North America's largest piedmont glacier. Explore Alaska's fevered gold rush development at Kennecott Mines or the famous salmon runs of the Copper River.

For marine wildlife and glacier views, Kenai **Fjords National Park** near Seward is a must. Explore the waters of the park on a day cruise and watch gray, humpback, and minke whales feed in the nutrient-rich waters. Gulls, puffins, and

murres are drawn to massive rookeries on rocky cliffs to hatch and raise their young. Sea lions and seals haul out on the rocks near shore, while otters cluster together lounging in the water. The thunderous crash of ice echoes in coves and bays as chunks of tidewater glaciers end their journeys down from the mountains in the park's waters.

Lake Clark and Katmai national parks are home to famous bear-viewing spots along waterfalls and the Cook Inlet coast. For a few months during the summer, massive bears camp out along the waterways in search of returning salmon. Remote lodges welcome visitors and each park is easily accessible by air from Lake Hood Seaplane Base in Anchorage.

Make it a day trip: Flightseeing tours, train rides, and day cruises are great ways to explore nearby national parks then be back in Anchorage in time for dinner. Learn more about Alaska's national parks at VisitAnchorage.com or refer to maps on page 114.

A paddler's paradise, Alaska has more coastline than the rest of the U.S. combined.

Go off-grid after breakfast in town, visit a glacier at lunch, then be back in the city in time for dinner. Whether you explore by road, rail, air, or sea, Anchorage offers plenty of ways to pack a day (or a week) with only-in-Alaska adventure.

STEP BY STEP

Start your trip with a stop at the downtown **Visitor Information Center**. Find tours, trips, and free transportation to top attractions and accommodations, as well as local advice and travel tips from the pros. Choose a walking tour that highlights local history. Experience culinary adventures on a dining tour or snap a better shot with a photo expedition. A stroll in Anchorage yields more than just fresh air. Art installations and murals dot the city, making any exploration colorful.

Many tours, trips, and shuttles pick up near the visitor center at Fourth Avenue and F Street.

Just a few blocks north, **Ship Creek** flows through town. Anchorage got its start on the banks of the creek 100 years ago. What was once tent city is now salmon central. Cast for chinook salmon, watch fish swim upstream, or stop in at the nearby **Ulu Factory** to learn about Alaska's iconic fillet knife.

BEHIND THE WHEEL

Tours and shuttles are an inexpensive way to spend time outside the city center.

Anchorage Trolley Tours offers one-hour sightseeing tours that start and end downtown. Prop your feet up or pedal to your heart's desire with Pedal Anchorage and their human-powered vehicles. Or head for the mountains instead; amazing hikes and fantastic views are just minutes away. Hop on the Flattop Mountain Shuttle or drive to the Glen Alps Trailhead in southeast Anchorage and check out Flattop Mountain, the most climbed peak in Alaska.

Renting a car opens up even more options. An amazing number of glaciers are within driving distance. Visiting one can be as easy as stopping roadside for a few minutes or as exhilarating as a day spent hiking or climbing. If you prefer gold over glaciers, Crow Creek Mine allows visitors to pan at historic strikes. Or let someone else do the driving all day; tour companies can share the best spots for wildlife viewing, get into city history, or even find a frothy favorite on a craft brewery tour.

BIRD'S-EYE VIEW

Flightseeing tours depart Anchorage to places that will take your breath away. North America's tallest mountain looms large and day trips aboard bush planes put Denali in sight for visitors of all types. Many planes are equipped with skis that allow for glacier landings amid the giant peaks of the Alaska Range.

ANCHORAGE IN BLOOM

Anchorage plants tens of thousands of flowers in hundreds of beds and baskets throughout town, earning its nickname "The Hanging Basket Capital of the World." Stop and smell the roses, geraniums, dahlias, and begonias, admire the work of master gardeners in Town Square Park, or rest and recharge while learning more about local flora at the Alaska Botanical Garden.

Helicopters and planes are another way to reach secluded sites, and Anchorage and Girdwood are the perfect places to start your tour. Fly out and spend the day, and you might just decide a longer stay is exactly what you need.

FXCITFMENT BY TRAIN

Catch trains headed north and south from the historic **Alaska Railroad** depot. Trains depart downtown for adventures outside of the city and return the same evening. Head to Whittier for a day of fishing, glacier viewing, or kayaking Prince William Sound. Explore the historic Loop District or board the Coastal Classic for a trip to Seward and Kenai Fjords National Park. Day trippers with a ticket northbound can explore the quaint town of Talkeetna, the base camp for Denali adventures.

Special events like the Charlotte Jensen Native Arts Market in March or the Alaska Native Customary Arts Fair in October provide an opportunity to meet and buy directly from local artisans.

Many Anchorage landmarks have traditional Dena'ina Athabascan names. Look for artistic signage – created by the Indigenous Place Names Project – installed at public gathering places like Westchester Lagoon and Chanshtnu Muldoon Park. Learn more at **VisitAnchorage.com**.

ATHLETICISM, ALASKA STYLE

Sheer athletic skill abounds at the popular annual **NYO Games** in April. Open to all Alaska middle and high school students,

events are based on sports played by past generations of Alaska Native people as a way to test hunting and survival skills, increase strength, and maintain endurance, agility, and the balance of mind and body.

BACKPACK AND BACKCOUNTRY

Amazing trails start just outside the downtown core and are easily reached, even with a short drive. Get a bird's-eye view from Bird Ridge, or ford a river on the 23-mile **Crow Pass Trail** between Girdwood and Eagle River. The extended daylight of summer provides ample time for day-long and multiday hikes.

Tour the solar system: The Anchorage Light Speed Planet Walk features a scale model of the solar system, spread across downtown Anchorage and along the Tony Knowles Coastal Trail. BRIGHT LIGHTS IN THE BIG CITY

The northern lights, or aurora borealis, form often in the skies above Alaska. Particles collide with Earth's atmosphere, powering this natural and amazing wonder. Witnessing the northern lights takes a dash of planning, some serendipity, and a little patience.

AURORAS IN ANCHORAGE

Anchorage is a great base to chase aurora. Many of the prime locations are easily accessed from the city. There are plenty of Anchorage guides with an eye for those magical lights. Mild winter temperatures keep everyone comfy. And once the sun rises, Anchorage offers plenty of other ways to wow.

SPOTS TO SEE THE LIGHTS

- **1 Glen Alps** The trailhead parking lot is a high elevation vantage point for northern lights above the city.
- **2 Point Woronzof** At the northwestern edge of the city, this coastal park has great northern exposure along the shores of Cook Inlet.
- **3 Girdwood** This quaint ski town has multiple aurora viewing vantage points, and Alyeska Resort offers a northern lights wake-up call.
- **3** Eagle River Nature Center At the end of Eagle River Road, this entrance point to Chugach State Park is a serene spot that seems a world away from daily life.

KNOW BEFORE YOU GO

Visit between mid-August and April – it's the only time Anchorage skies are dark enough to see the northern lights.

Plan enough time: Maximize your opportunities by scheduling several consecutive nights for the northern lights. Even if you don't go out every night, having more than a single night allows adjustments for weather changes and the best aurora conditions.

Check the forecast: Clear nights are essential, better still if there's not much moonlight. You can also check the nightly aurora forecast produced by UAF's Geophysical Institute. A rating of three or above is a prime aurora night – the higher, the better.

Avoid man-made light: Just like stargazing, the best aurora views avoid streetlights and other bright light sources.

Summer is too bright for the northern lights, but you can still spot the aurora: Watch for planetarium shows and video productions on view at the Anchorage Museum, the University of Alaska Anchorage, and the Alaska Center for the Performing Arts.

This is the top spot to sled, ski, and skate all winter long. With Alaska's biggest ski resort, hundreds of miles of trails, and plenty of fresh powder, snow fun lives in Anchorage. While a lot of regions are coy about their snowfall and the joy to be found under blankets of white, Anchorage has plenty to boast. Whether you want to play in the snow, or curl up with a cocoa next to the fireplace, this is the perfect place for winter.

AI PINF AFFINITY

Carve fresh tracks at one of Anchorage's downhill ski and snowboard spots. Just 42 miles south of downtown, **Alyeska Resort** is the state's premier alpine ski destination. Powder hounds can find endless backcountry skiing opportunities in the Chugach Mountains, with heli-skiing

Alyeska Resort is less than an hour from downtown Anchorage. Alaska's premier ski resort averages more than 600 inches of snow at the summit annually and boasts North America's longest continuous double-black-diamond ski run operations taking off from Girdwood. In Anchorage, **Hilltop Ski Area** has 30 acres of convenient, accessible terrain. The wideopen high bowls of **Arctic Valley Ski Area** beckon from the north.

MAKE TRACKS

Trails in Anchorage are an all-season affair. Fat tire biking is the perfect way to roll through a winter wonderland. The wide, oversize tires float over the snow, making them a prime option for a wilderness ride or a trip down maintained winter trails stretching all over the city.

More than 100 miles of groomed trails wind through the city, and lighted pathways make anytime the right time for a quick cross-country jaunt. Ski the world-renowned courses that have hosted national and international champions.

Kincaid Park is recognized as one of the nation's finest cross-country ski areas and is free and open to the public.

ON FROZEN POND

Make figure eights or practice wrist shots at local skating ponds and rinks. It's the perfect way to stay on the cutting edge of winter fun.

POWER IN POWDER

There's another way to race across the Great Land, too. Rev up for adventures on snowmobile tours. The ride is a rush and leads to amazing Alaska locations that can't be reached easily on foot. Zip through wooded trails or explore the deep blue ice of a glacier in the Chugach Mountains. Alaskans call them snowmachines, but you can just call 'em fun!

SLED DOG DAYS

A reliable dog team and well-crafted sled were vital for Alaska's Indigenous people and gold-seeking sourdoughs. Today, dog sledding is preserved as **Alaska's state sport**. Hop in the basket for a ride or learn the secrets of running a dog team during a half-, full-, or multiday trip with experienced mushers.

TER FACT

The average winter temperature in Anchorage is 26°F/-3°C.

The city receives an average of 70 inches of snow every year.

On winter solstice, the shortest day of the year, Anchorage still sees more than five hours of daylight.

Between the sprawling cross-country trails, multiple downhill ski slopes, outdoor rinks, and sledding hills, it's always easy to enjoy wide-open spaces while experiencing winter in Anchorage.

PRIME TIME FOR SNOW FUN

Winter is just more fun here. Alaskans are outside all winter, and late February and early March is the prime chance to join them. By the end of February, days in Anchorage are 10 hours long and growing. Anchorage gains an extra five minutes of daylight each day as spring nears and temperatures steadily rise. Most important, three big events take over the city.

LET'S RONDY

The rollicking Anchorage Fur Rendezvous began in 1936 as a 3-day winter carnival celebrating Alaska miners and trappers. "Rondy," as it's affectionately known, now spans two weekends. Get ready to Rondy Feb. 22 - March 3, 2024.

Events are spread across the city and include snow sports, cultural gatherings, and a few wild surprises. See the arctic artistry of the giant snow sculptures,

or the Charlotte Jensen Native Arts
Market. Cheer on the drag-race-style
outhouse races. Launch friends skyward
in the blanket toss, an age-old Alaska
Native tradition. Dash downtown in
the 5K Frostbite Footrace, or join
in the Running of the Reindeer, a
madcap sprint down Fourth Avenue
featuring humans and reindeer alike.
Speeds increase at the annual World
Championship Sled Dog Races:
Watch the action from the heart of the
Anchorage Mushing District, a stretch
of Fourth Avenue celebrating Alaska's
mushing history.

MUSH!

Watch the ceremonial start of the **Iditarod Trail Sled Dog Race** on the first Saturday in March. The Mushing District on Fourth Avenue and D Street in downtown Anchorage is the perfect spot to catch the 2024 ceremonial start. Watch teams prepare for the 1,000-mile journey to Nome: The fun begins Saturday, March 2, 2024.

TOUR OF ANCHORAGE

The day after Anchorage trails go to the dogs, the **Tour of Anchorage** cross-country ski marathon slides into Anchorage. Cheer on top athletes – Anchorage has minted many Olympic skiers – and amateurs alike. Or pedal the course in the **Fat Bike Tour of Anchorage** on Sunday, March 3, 2024.

Planning a winter trip at the end of February and beginning of March offers the opportunity to enjoy several of Anchorage's most popular seasonal fairs and festivals.

Described as "Alaska's wackiest race," the Running of the Reindeer has been a local favorite since 2008.

FLOW STATE

Rafting & River Tripsp. 60

It's all in a 365-million-acre backyard. From fishing to float trips, gold panning to golf, Alaska is loaded with outdoor adventures. Take full advantage of the midnight sun; explore Denali from the air, race across a glacier with a dog team, or traverse hidden valleys on horseback. Discover Alaska's history, science, and diverse cultures in entertaining and engaging museums, nature parks, and gardens. Check out the city's furry, feathered, and finned residents. Cruise Alaska waters teeming with fish and home to a stunning array of seabirds, otters, and whales. Paddle pristine lakes and rivers, or pedal mountain paths and city trails. Zip across pure white clearings on a snowmobile or break fresh powder in the backcountry of the towering Chugach Mountains.

Many Anchorage-area activities fit together easily.
Guides and tour operators can mix, match, or
combine multiple experiences in a single day, trip, or tour.

Hotels, Motels & Inns.....p. 74

Anchorage lodging choices abound. Boutique hotels, charming cottages, lakeside lodges, B&Bs, or full-service hotels – find the perfect place to relax.

From cozy mountain cabins to plush resorts, Southcentral Alaska has the perfect spot to stretch out and unwind. Trade backcountry tips at a budgetfriendly hostel or indulge at a luxurious metropolitan hotel. Either way, wake up to a mountain-studded skyline with exciting adventures waiting just outside the door. Get inside advice over coffee from the owner of a bed & breakfast or learn the lay of the land from the caretaker at a wilderness lodge. Swap stories of the day around the fire at a secluded forest campground. Alaskans provide a warm, welcoming place to kick back after a wild day of adventure. Welcome to your home away from home.

Outdoor connections are plentiful, so ask your host for directions to the nearest trailhead: You'll discover an easy way to find fresh air and explore the city without wandering far from your room.

THE ARTS IN ANCHORAGE

Broadway Alaska brings Times Square to Town Square with four of Broadway's biggest shows including HAMILTON,

Come From Away, SIX: The Musical, and Disney's ALADDIN. Enjoy everything from renowned musicals to opera, symphony, dance, theatre, live music and more at the Alaska Center for the Performing Arts. Local groups like TBA Theatre and Cyrano's Theatre Company offer additional independent options. Visual arts flourish, too. The monthly First Friday Art Walk brings local works to the walls and windows of Anchorage cafes, galleries, bars, and breweries.

ALL-AGES EXCITEMENT

Even the traditional movie night out has a distinct flair in Anchorage. Watch a film, sip a local brew, and tear into a fresh burrito all inside Bear Tooth Theatrepub. Curtains of shimmering green northern lights get a summer curtain call. Alaska Naturally's "AurorA – Alaska's Great Northern Lights" show brings an awardwinning photographer's aurora chasing to the big screen. Travel to a galaxy far, far away during a planetarium show at the Anchorage Museum or University of

DINING

Plan a stop at an Anchorage food truck, where you can find everything from sizzling reindeer sausage to crisp salmon quesadillas.

FIND IT FRESH

Savor seafood at Anchorage restaurants. You won't find it fresher anywhere else. Wild Alaska salmon just needs a dash of salt and perhaps a little lemon, if that. Innovative halibut and rockfish dishes bring the savory, flaky fish up from the cold depths. Crack into king crab and enjoy shellfish like clams, scallops, and oysters fresh from Alaska waters.

Seafood isn't the only Alaska-grown delight on the menu. Chefs incorporate local produce plucked from area markets and farms. Even downtown hot dog carts offer an Alaska treat: reindeer sausage.

PALATE WORLD TOUR

Haven't had **Himalayan**? Got a taste for **Thai**? Salivating for **sushi**? Anchorage is home to an eclectic blend of restaurants serving up the best dishes from around the world. It's a result of the city's diversity. If you need a few more stamps in your culinary passport, look no farther than Anchorage.

FROM THE SOURCE

Alaska's agricultural heartland is just a few miles north of Anchorage, putting flavorful greens and colorful root vegetables on the menu. Don't be surprised if the chef whips up a new appetizer with local sea salt or **spruce tips**, or offers a board of housemade charcuterie.

Even forests and mountains can yield tasty surprises. Local berries or birch syrup are often included in recipes. Enjoy them in Anchorage or take the flavors of Alaska home with you. Chocolatiers incorporate berries into jelly candies and jars of jam. Dessert makers boil and bottle birch syrup as well as craft chewy treats with birch caramel cream. Stock up and savor every bite; though your memories of Alaska will last a lifetime, these sweets tend to disappear fast!

WHAT'S BREWING

Anchorage is home to more than a **dozen breweries**, putting Anchorage in the top tier nationally for breweries per capita. More than 40 breweries are spread across Alaska, and most beers can be found on tap in the city. Breweries and distilleries offer tours and tastings of local beers and spirits for thirsty travelers.

Coffee is big in Anchorage too, with one of the highest concentrations of coffee shops and stands in the country. From cold brew coffee to espresso, the buzz is all about Anchorage.

Enjoyed the Bunny Berry Wheat at @tentcitytaphouse downtown, and the Frontiersman IPA from @beerpaw. Finished with brews and views at @49thstatebrewing. @redwhiteandhops **Dining**

Local shopkeepers are quick to point out madein-Alaska options and authentic crafts — just ask! Don't forget: Ulus are knives and must be packed in your checked bags when you head home.

PIECES OF ALASKA

Give the gift that's uniquely Alaska. Anchorage is a one-stop destination for Alaska Native artwork and crafts. Find authentic works that represent each major Alaska Native cultural group. There are plenty of quintessential treasures all over the city. **The ulu** – Alaska cutlery that's stood the test of time – is perfect for the aspiring chef on the gift list. Keep toasty with a **qiviut** scarf or hat made from the soft undercoat of a musk ox. For the foodie, take home the flavors of Alaska with smoked salmon, birch syrup, handmade chocolates, and local brews in growlers to go.

DRESSED FOR THE OCCASION

Favorite brands and top designers are always available at one of the city's malls, and **local labels** impart a little Alaska street cred at chic boutiques. The city's fine jewelers present a modern-day gold rush. Of course, Alaska's high fashion often hits higher elevation runways; Anchorage stores carry all the outdoor equipment needed to take full advantage of the local trails, slopes, and waters.

LOCAL COLOR

Alaska artists and entrepreneurs are spread through the city, showcasing original works, and locally produced items. Peruse the colorful shop window displays downtown. Meet artisans at the markets, festivals, and fairs of Anchorage. Or join art lovers for a stroll of featured artists at shops and galleries on the first Friday of each month.

TO MARKET

Equal parts shopping, show, and smorgasbord, local **farmers markets** and outdoor festivals have it all. From mid-May through mid-September, find **souvenirs**, fresh produce, Alaska art, or simply enjoy local performers and musicians.

Anchorage is at the center of Alaska's road, rail, and air networks, making it easy to get around.

Alaska is massive — larger than the states of California, Oregon, Washington, Idaho, Nevada, and Arizona combined. Fortunately, Anchorage offers rail, road, ride sharing, and air connections to make getting around a breeze. More than 100 passenger flights arrive daily at Ted Stevens Anchorage International Airport (ANC), and direct flights connect Anchorage with many major U.S. cities.

For a tailored travel experience, hit the open road. Rent a car or RV, follow the Seward Highway south, and spend the day exploring Chugach National Forest and Kenai Fjords National Park. Or head north on the Glenn Highway, and you'll find yourself immersed in Denali views and roadside splendor.

Looking for something different? The Alaska Railroad is an iconic way to experience Southcentral and Interior Alaska from Anchorage, and the city's many flightseeing operators provide a unique aerial view of off-road marvels like Katmai National Park and Preserve.

ALASKA

(USA)

A lot can happen in a day.

and much more

Alaska by Rail: Relax, Enjoy, Connect.

For 100 years, the Alaska Railroad has connected travelers to many of Alaska's best-loved destinations. From Anchorage, daily summer trains travel north to Fairbanks, and south to the port town of Seward – gateway to Kenai Fjords National Park. Catch a ride to Talkeetna, Whittier, Spencer Glacier, Denali National Park and more.

Onboard the train, our friendly staff works hard to ensure the journey is just as special as the destinations. Enjoy freshly prepared meals in the full-service dining room and learn the stories behind the sights from our local guides. Expansive windows and glass-dome railcars offer panoramic views as you travel across Alaska.

And our summer train schedule pairs perfectly with a wide variety of unique Alaska activities. From Anchorage, ride the train to Seward for a Kenai Fjords glacier cruise before the return rail journey that evening – or ride the rail north to Talkeetna to flightsee Denali, North America's tallest peak. From day trips to multi-day itineraries, Alaska Railroad travel packages seamlessly connect you to the best of Alaska.

As we celebrate 100 years of connecting Alaska, there's never been a better time to book a trip on the Alaska Railroad.
